A HUGE THANK YOU
SUPPORT TO LITTLE HEARTS MATTER

I write on behalf of all our children and their mums & dads to thank you for your very thoughtful donation of £300 raised at your recent annual fundraising event thank you.

We at Little Hearts Matter (LHM) exist to support the 600 or so families who every year receive the sometimes devastating news that their child is about to be borne with half a functioning heart and will struggle to survive once born and in the best case will have to undergo a series of major operations in the first few years of life to have any chance of a good life. Many do go on to have a wonderful and fulfilling life.

Receiving no government funding for our work, almost all of our work is funded by fundraising donations or our own Fundraising activities. Your donation will be put to use right away, thank you.

In closing, could I ask that our sincere thanks be passed to Phil, Sue and Colin as well of course to yourself and all your members for thinking of the children, thank you all.

Very Best Wishes

Kevin Bazeley
Fundraising Manager
