JOHN PARSONS VISIT IN HOSPITAL

PRESS

John Parsons was riding on the A500, close to the Festival Park roundabout in Stoke-on-Trent, when he was hit at about 22:00 GMT on 13 January. He said a car changing lanes hit his bike causing him to lose control. Road Racing Legends went to the hospital to present John with some uplifting cheer in the hope that not only will it draw attention to the missing hit and run driver, but lift John spirits and help towards a speedy recovery.
